

PI 511835. *Sorghum bicolor* (L.) Moench POACEAE Sorghum

**Donated by:** Taylor, A.G.E., P.O. Box 8, Morpeth, N.S.W. 2321, Australia. Received August 20, 1987.

**origin:** Australia. **cultivar:** SECCALINE. **remarks:** Maturity mid season-late. Stems medium-large with abundant leafage. Favored for green fodder and silage-making. Retains succulence well into winter. Cultivar. Seed.

PI 511836 to 511838. *Zea mays* L. POACEAE Corn

**Donated by:** Taylor, A.G.E., P.O. Box 8, Morpeth, N.S.W. 2321, Australia. Received August 20, 1987.

PI 511836 **origin:** Australia. **cultivar:** MANNING PRIDE. **latitude:** 33 deg. S. **remarks:** Late maturing, open-pollinated type. Stalk thick and tall with large cobs and thick stalks. Cobs 25.4-33.02cm. Dent deep with 16-18 rows. Grain regular with narrow to medium furrow between rows, irregular in size, soft and starchy, dull yellow in appearance. Cultivar. Seed.

PI 511837 **origin:** Australia. **cultivar:** MANNING WHITE. **latitude:** 33 deg. S. **remarks:** Open-pollinated type. Cobs short with 12 rows of grain and an open space between rows. Grain large, white. Adapted to drier upper Manning and Macleay river regions. Cultivar. Seed.

PI 511838 **origin:** Australia. **cultivar:** GOLDEN SUPERB. **latitude:** 33 deg. S. **remarks:** Early maturing, open-pollinated type. Ears 17.78-20.32cm long with 14 rows of moderately broad thick grain with shallow smooth dent. Grain dark amber with reddish tendency. Cap pale yellow, almost white, hardy. Popular on Macleay river due to earliness. Cultivar. Seed.

PI 511839. *Setaria sphacelata* (Schum.) M. B. Moss POACEAE

**Donated by:** Bayliss, R.D., 9 Winsor Close, Mount Pleasant, Harare, Zimbabwe. Received September 21, 1987.

**donor id:** 10690. **origin:** Zimbabwe. **collector id:** 10690. **locality:** Chirundu escarpment. **remarks:** Plants to .75m tall. Flowers purplish. Wild. Seed.

PI 511840. *Sorghum bicolor* (L.) Moench POACEAE Sorghum

**Donated by:** Bayliss, R.D., 9 Winsor Close, Mount Pleasant, Harare, Zimbabwe. Received September 21, 1987.
